

The image is a screenshot of the 'Glider' level in the game 'Angry Birds Space'. The top of the screen has a black header with the word 'Glider' in large white letters and 'Spaceship' in smaller white letters below it. On the right side of the header is a white pill-shaped button. The main area is a 10x10 grid. Five black, rounded square birds are positioned in the center of the grid at coordinates (4,4), (5,4), (5,5), (6,5), and (6,6) assuming the top-left is (0,0). The bottom of the screen has a white bar with a progress indicator '2/4' on the left and a small black arrow pointing right on the right.

The screenshot shows the 'Glider' level in 'Angry Birds Space'. The title 'Glider' is at the top left, and 'Spaceship' is below it. A white oval cutout is at the top right. The game area is a 10x10 grid. The piggy bank is a black square at row 4, column 3. There are four black squares representing birds: one at row 4, column 3; one at row 5, column 4; one at row 5, column 5; and one at row 6, column 3. The bottom status bar shows '4/4' and a right arrow.

The image is a screenshot of the 'Glider' level in the game 'Angry Birds Space'. The top of the screen has a black header with the word 'Glider' in white and 'Spaceship' below it. A white pill-shaped button is on the right. The main area is a 10x10 grid. A black glider piece is positioned at row 4, column 4. The bottom of the screen has a white status bar with '1/4' on the left and a checkmark icon on the right.

The image is a screenshot of the 'Glider' level in the game 'Angry Birds Space'. At the top, the level name 'Glider' is displayed in a large, bold, white font, with the subtitle 'Spaceship' below it in a smaller white font. The main area is a 10x10 grid. Four black birds are positioned on the grid: one at row 4, column 4; one at row 4, column 6; one at row 5, column 3; and one at row 6, column 4. The bottom of the screen features a dark grey bar with a progress indicator '2/4' on the left and a white checkmark on the right.

The image is a screenshot of the 'Glider' level in the game 'Angry Birds Space'. The top of the screen has a black header with the word 'Glider' in white. Below the header, the word 'Spaceship' is written in a smaller font. The main area is a 10x10 grid. Four black birds are positioned on the grid: one at row 4, column 4; one at row 5, column 3; one at row 5, column 6; and one at row 6, column 4. The bottom of the screen has a white footer with a progress indicator '3/4' and a green checkmark.

The image shows a screenshot of the 'Glider' level in the game 2048. The board is an 8x8 grid. The title 'Glider' is at the top left, and the subtitle 'Spaceship' is below it. A progress bar at the top right shows '4/4' and a checkmark icon. The board contains four black tiles forming a glider pattern: one tile at (3,4), one at (4,3), one at (4,4), and one at (5,4). The coordinates are given as (row, column) starting from (0,0) at the top-left.

What is Conway's Game of Life?

Underpopulation

A live cell with fewer than 2 neighbors dies.

Survival

A live cell with 2 or 3 neighbors survives.

Overpopulation

A live cell with more than 3 neighbors dies.

Birth

A dead cell with exactly 3 neighbors becomes alive.

O que é o Jogo da Vida?

Solidão

Uma célula viva com menos de 2 vizinhos morre.

Sobrevivência

Uma célula viva com 2 ou 3 vizinhos sobrevive.

Superpopulação

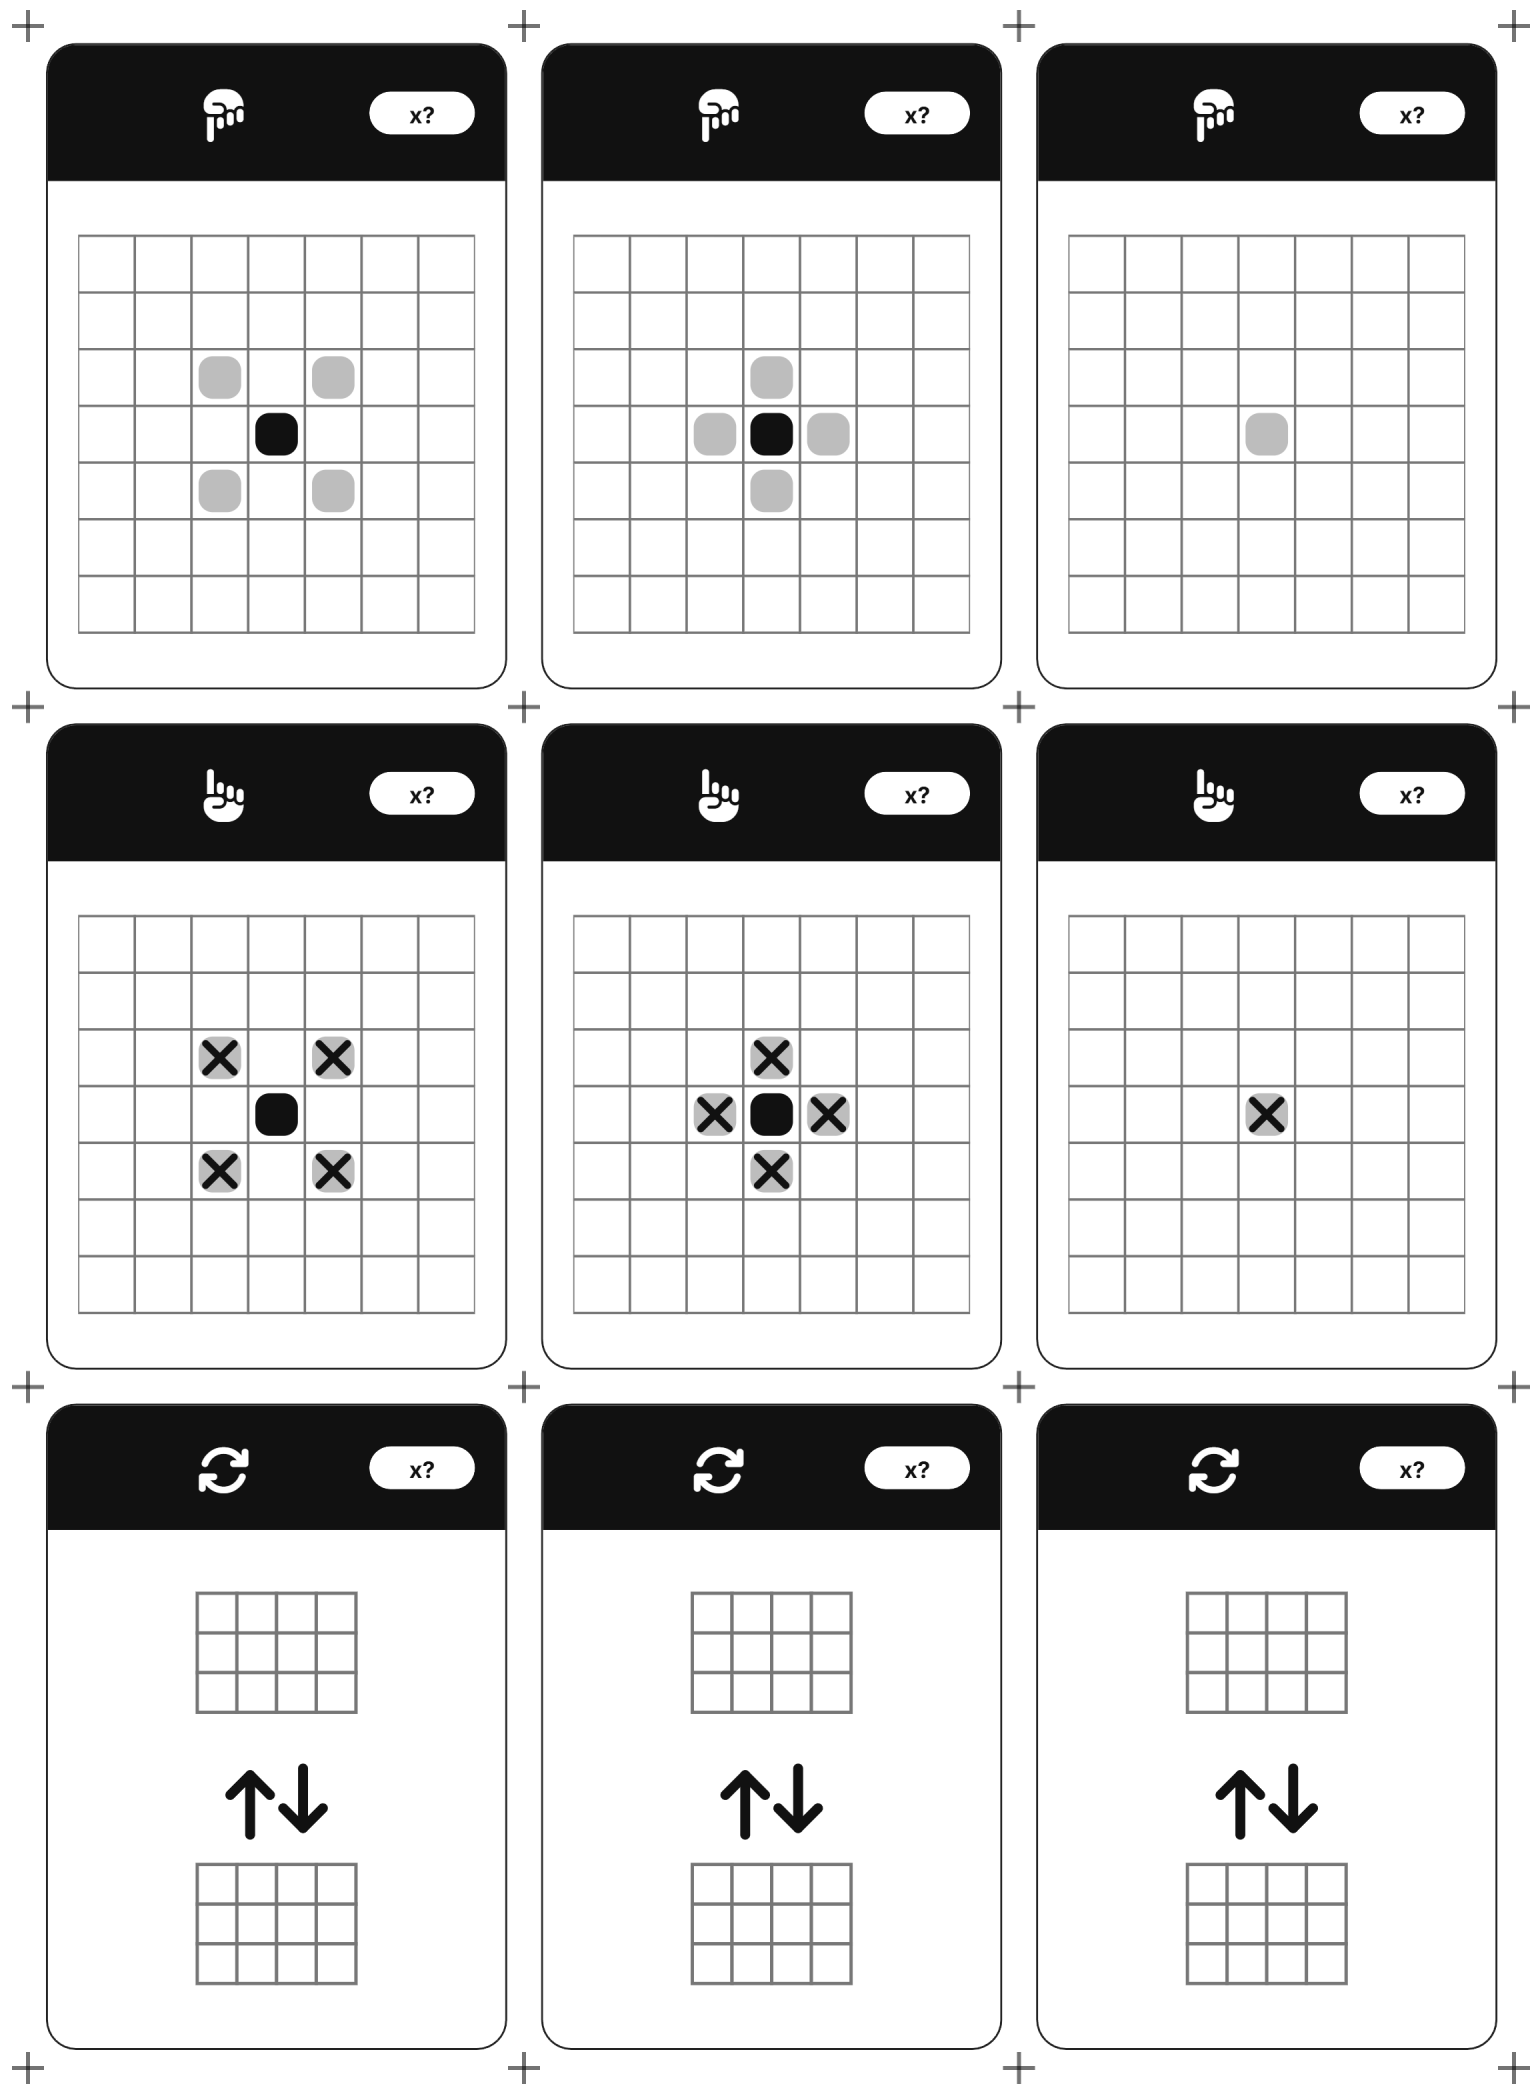

Uma célula viva com mais de 3 vizinhos morre.

Nascimento

Uma célula morta com exatamente 3 vizinhos nasce.
