

The screenshot shows the title "Glider" in large white font and "Spaceship" below it in smaller white font, both on a black background. A white pill-shaped button is visible in the top right corner. Below the title bar is a 10x10 grid. In the center of the grid, there are four black squares arranged in a diamond shape, representing a glider. The bottom status bar is black and contains the fraction "3/4" on the left and a white arrow pointing down and to the right on the right.

The screenshot shows the 'Glider' level in 'Angry Birds Space'. At the top, the level name 'Glider' is displayed in a large, bold, white font, with 'Spaceship' written below it in a smaller white font. A white oval-shaped cutout is visible in the top right corner of the black header. The main area is a 10x10 grid representing the level. In the center of the grid, there are five black squares representing the Glider. The Glider is composed of a horizontal body and a vertical tail. The body consists of two squares: one at row 6, column 4 and another at row 6, column 5. The tail consists of three squares: one at row 5, column 4, one at row 6, column 4, and one at row 7, column 4. The grid is otherwise empty. At the bottom left, the score '4/4' is shown in a white font. At the bottom right, there is a white arrow icon pointing to the right.

The screenshot shows the 'Glider' level in the game 'Angry Birds Space'. The title 'Glider' is displayed in a large, bold, white font at the top left. Below it, the word 'Spaceship' is written in a smaller, white font. The main area is a 10x10 grid. A black glider piece is positioned at the intersection of the 4th column and 4th row. A black spaceship piece is also positioned at the intersection of the 4th column and 4th row. The progress indicator at the bottom left shows '1/4' and a checkmark at the bottom right.

The image shows the 'Glider' level in the game 'Angry Birds Space'. At the top, the level title 'Glider' is displayed in a large, bold, white font, with 'Spaceship' written below it in a smaller white font. A white pill-shaped button is located in the top right corner. The main area is a 10x10 grid representing the level. The grid is mostly empty, with four black, rounded square obstacles placed in the center. These obstacles are located at the following coordinates (row, column) starting from the top-left: (4, 4), (4, 6), (5, 4), and (6, 5). The bottom of the screen features a dark grey bar with the text '2/4' on the left and a white checkmark icon on the right.

The image is a screenshot of the 'Glider' level in the game 'Angry Birds Space'. The top of the screen has a black header with the word 'Glider' in white bold text on the left and a white pill-shaped button on the right. Below the header, the word 'Spaceship' is written in a smaller white font. The main area is a 10x10 grid. Four black, rounded square birds are positioned in the center of the grid at coordinates (3,3), (3,4), (4,3), and (4,4) assuming the top-left is (0,0). At the bottom of the screen, there is a white bar containing the text '3/4' on the left and a small black checkmark icon on the right.

The image is a screenshot of the 'Glider' level in the game 'Angry Birds Space'. The top of the screen has a black header with the word 'Glider' in white, bold font, and 'Spaceship' in a smaller white font below it. A white, pill-shaped button is on the right side of the header. The main area is a 10x10 grid. In the center of the grid, there is a black glider piece. The glider is composed of three black squares: one in the center, one to its left, and one below it. The grid is otherwise empty. At the bottom of the screen, there is a white bar. On the left side of this bar, it says '4/4'. On the right side, there is a black checkmark icon.

What is Conway's Game of Life?

Underpopulation

A live cell with fewer than 2 neighbors dies.

Survival

A live cell with 2 or 3 neighbors survives.

Overpopulation

A live cell with more than 3 neighbors dies.

Birth

A dead cell with exactly 3 neighbors becomes alive.

O que é o Jogo da Vida?

Solidão

Uma célula viva com menos de 2 vizinhos morre.

Sobrevivência

Uma célula viva com 2 ou 3 vizinhos sobrevive.

Superpopulação

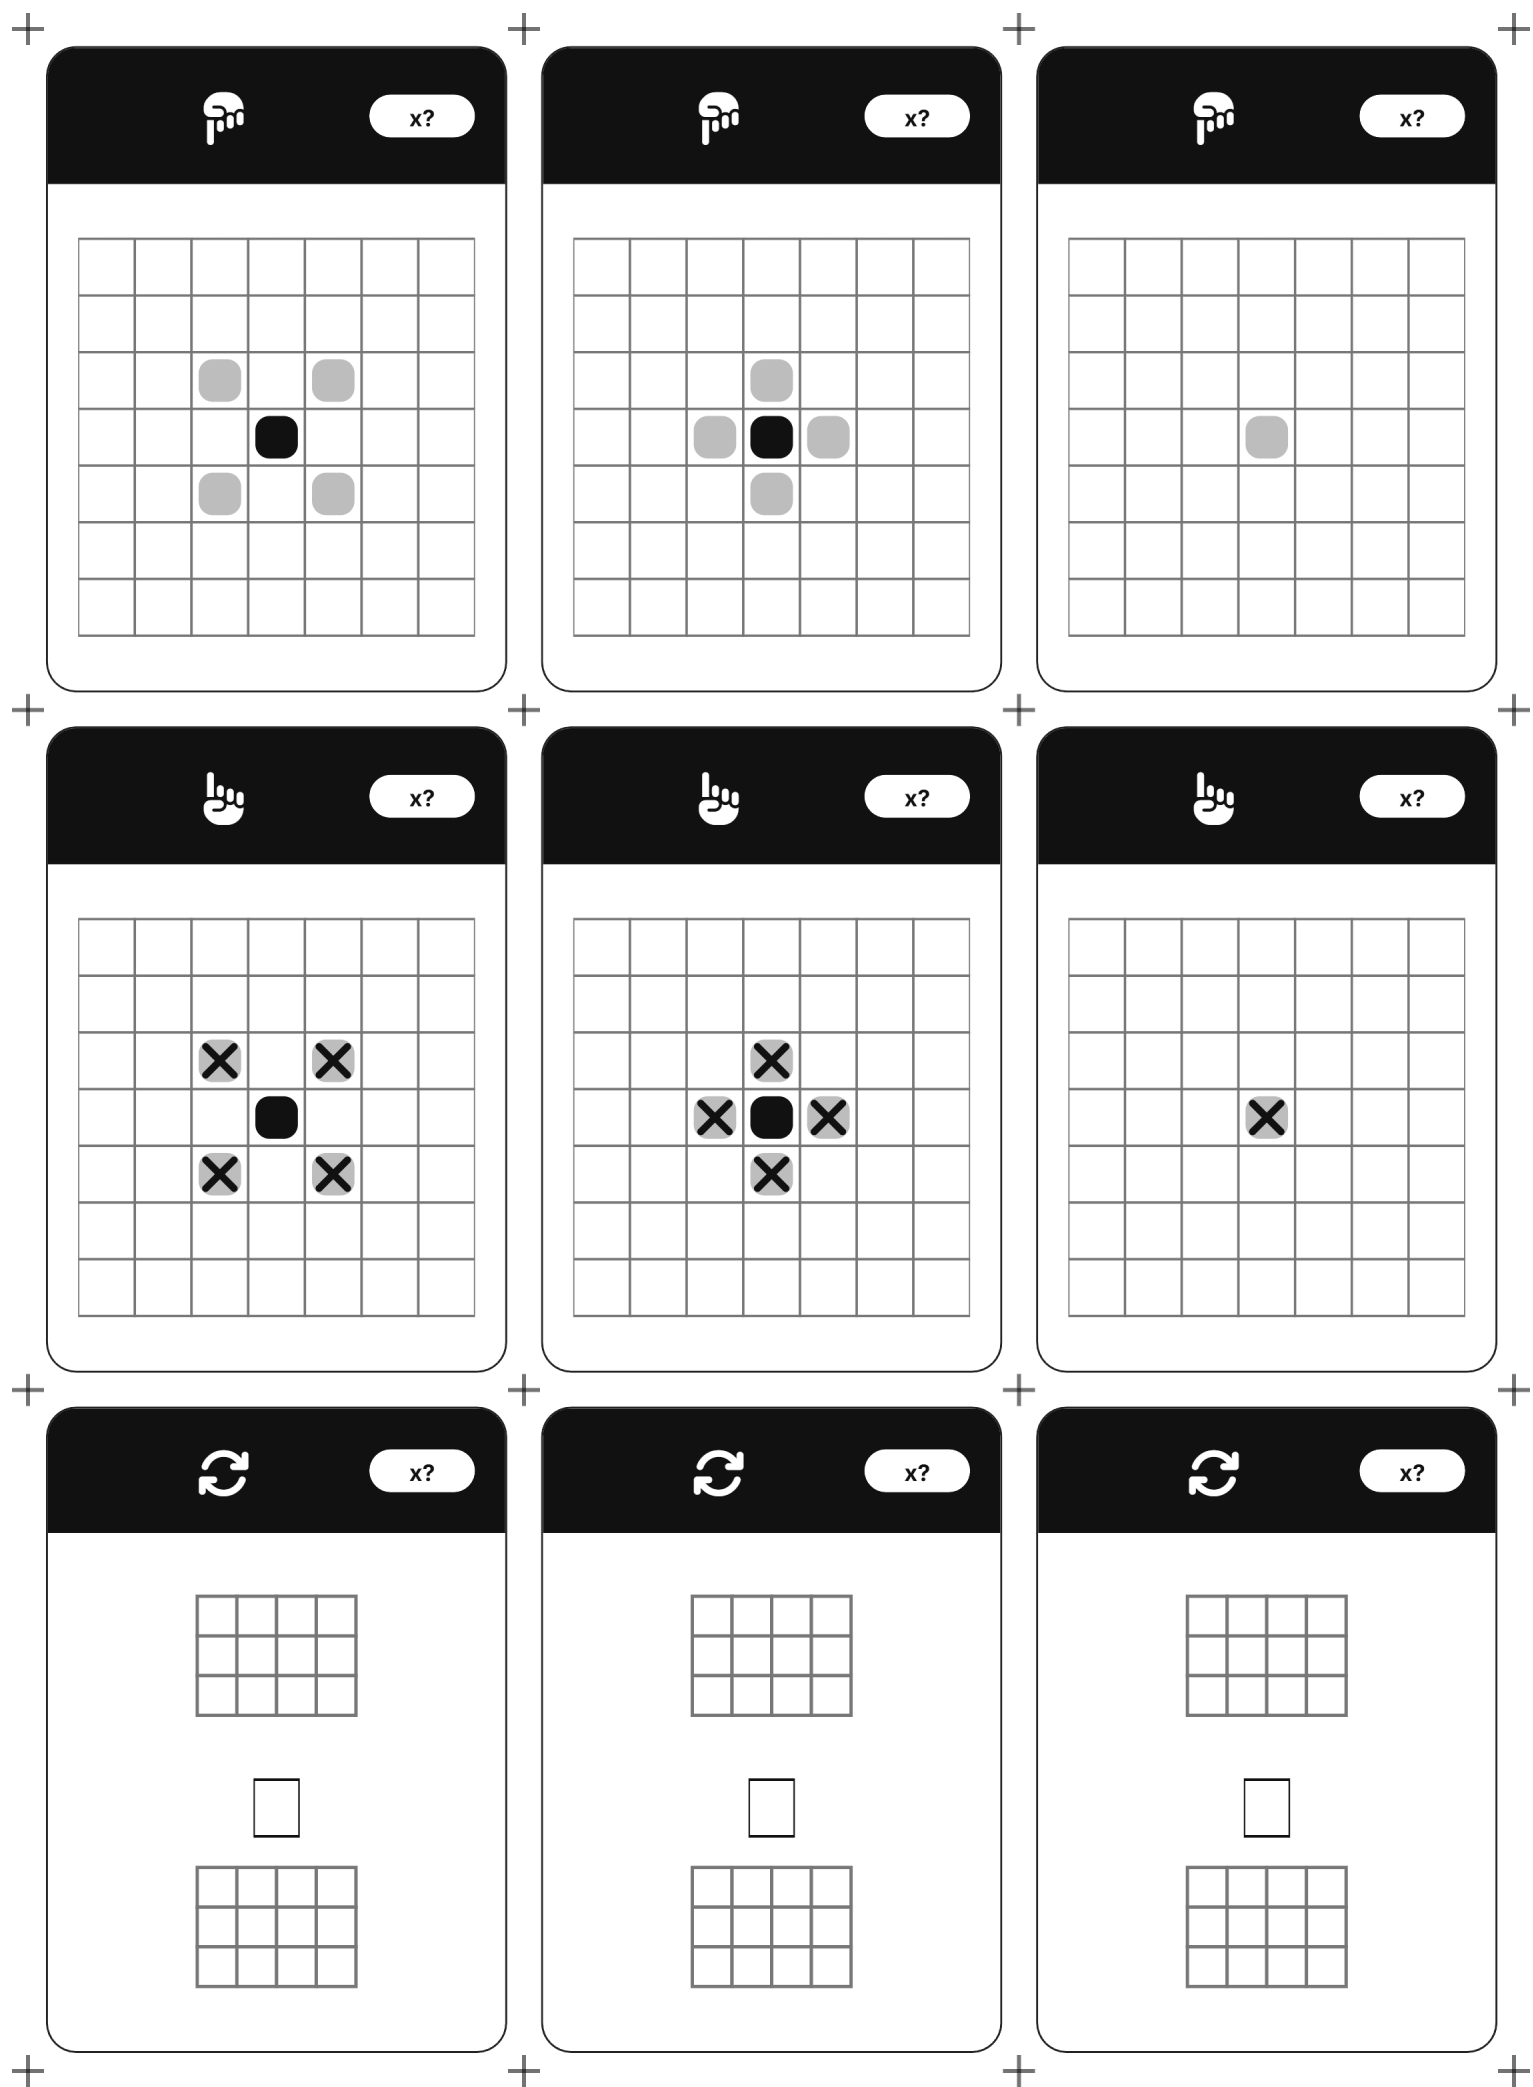

Uma célula viva com mais de 3 vizinhos morre.

Nascimento

Uma célula morta com exatamente 3 vizinhos nasce.
